# SENIORS 1997

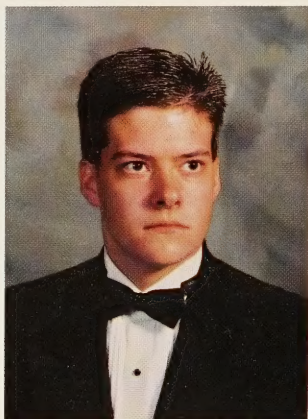

Over the past thirteen years, the class of 1997 has developed a special bond that can never be broken. We have developed friendships that we will carry through the rest of our lives. Through our hard times and sorrows, we have pulled together to show that our friendships are strong enough to last.

There are certain things that the 1997 class will never forget: getting our first gym suit in the 8th grade, having our float trashed by the seniors during our freshman year, our first experiences driving a car even though our parents were riding shotgun, getting excited as we decorated the gym waiting for the night to make special memories at our Junior Prom. Last but not least, our senior year.

There are so many things that make your senior year memorable that they can't all be mentioned. As time goes by, those memories will carry on for a lifetime and never be forgotten, "leaving a lasting impression" in our minds and hearts.

# "HUG ME"

A hug is something that everyone needs at least once a day. Whether it's from your best friend, your family, or just a "special someone", a hug can brighten even the cloudiest of days. The pictures below show what a lasting impression a hug can make.

# IN THE BEGINNING

Kay and Heather Buchanan look excited on Parent's Night.

Even though these events occurred at the beginning of the year, they will not easily be forgotten because in their own way they have left "a lasting impression" in each of our lives.

## STUDENT LIFE

The start of another year. The start of new classes. These students are letting the teachers do what they do best - “make a lasting impression”. We will remember these first months of laughs, cries, and hard times for the rest of our lives. The new block scheduling hasn’t seemed to bother any of these students.

During the week of September 23 - 27, Homecoming at Clintwood High School made everyone act a little off the wall! The week started off with P.J. Day, followed by Hunting Day, Twin Day, Tacky Day, and Spirit Day.

At the Homecoming football game against Coeburn, Clintwood came out on top with a victory of 35 - 0. Everyone celebrated the night with memories that we can look back on forever.

## KICKIN' IT IN THE CAFE

As you can tell by all of the happy faces, lunch is everyone's favorite time of the day. Not only do we eat, but we socialize too. These are some of the times that leave a lasting impression upon us.

## CLASS OF '98

Being a junior opens up many new experiences. You have the freedom of the road with a license, and the purchase of "the ring" that will bring back memories of your high school days. Juniors also have the opportunity to decorate for that magical night. All of these things and more help Juniors "leave a lasting impression".

Eighth graders have entered their most exciting year ever. They have made new friends and are learning just what high school life is all about. Although they had a little trouble with their lunch schedules, by the end of the year, they seemed to be getting along just fine. They are seeking their future needs while "leaving a lasting impression" as they go through their high school years.

# Leaving a Lasting Impression With Clubs

---

What do clubs do for the GreenWave? Groups provide food, decorations and programs, perform services for the school and community, compete with others applying their techniques and skills, while keeping students interested and motivated in school. Clubs sparked the flame at the start of school and kept students busy throughout the year. Groups provided extracurricular activities that were both fun and rewarding, while also teaching club members responsibility and work ethics. With a variety of clubs and activities from which to choose, CHS students, as individuals or as a group, definitely had the opportunity to leave a lasting impression.

# Leaving our Mark in Athletics

What is a C.H.S. athlete? The Greenwave, through all of their battles in the world of sports, have left a mark on the bodies and in the minds of their opponents and in the hearts of their supporters. The Greenwave defines athlete by actions of cooperating with teammates and coaches, striving to reach their best, overcoming team and individual inhibitions, graciously facing defeat, humbly triumphing over others, and always demonstrating good sportsmanship.

Throughout the year, both individuals and teams fulfilled the definition of athlete. The football team thrilled fans and spectators alike while chilling J.I. Burton's hopes of victory in triple overtime. Nineteen J.V. girls basketball players caught the attention of friends and foe by going 18 and 0 for the season. The boy's varsity basketball team demanded a new era of respect and accountability while moving their never say die team from the LPD basement. The Ladywave volleyball team earned their third consecutive LPD tournament championship and another trip to regionals.

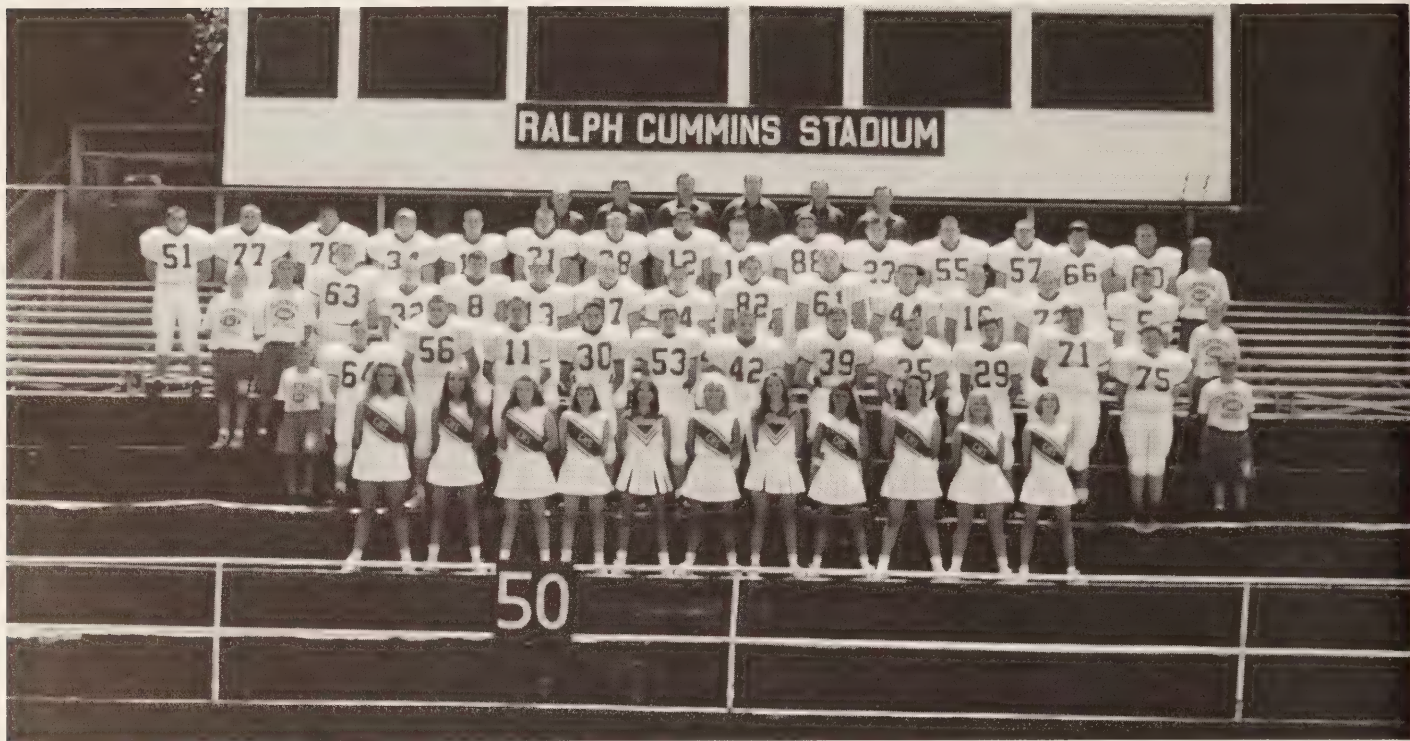

Individuals and teams brought home glory not only for themselves, but for the school and community as well, by placing in the LPD, Region D, and state events.

The Wave produced seasons that were both sweet and sour leaving some with heavy hearts and tears. The Wave learned through experience and some became determined to come back stronger next year. Cheerleaders supported their precious Wave through the good and the bad. Through the heat of August, the few snows of winter, and the rains of spring, the Wave let their true athletic demeanors show, etching forever a spot in the hearts of their supporters and the minds of their opponents.

# FOOTBALL 1996

The determination of the 1996 Clintwood Greenwave football team brought back the traditional spirit our school was known for in the 70's.

The 1996 football season was a success. There was a well blended mix of both offensive and defensive players. The boys received a tremendous amount of support from their fellow students, fans, and coaches. This support was well deserved. No group of boys could have been more determined, worked any harder, or devoted so much of their time and skill to this game. Minor setbacks, such as when an unknown Greenwave charged through the line of scrimmage knocking Tucker Slemph unconscious, did not interfere with their ability to play well. Their only intent was to do their very best.
